

Early Career Symposium at FOIS 2020

You

Your Name: ...
Your Supervisors: ...
Your Studies/Stage: ...
Your Affiliation: ...
Your E-Mail: ...

The overall length should not exceed three pages. Please attach your CV (does not count towards the 3-page limit) to the end of the file and submit a single PDF file.

Your Project

1 Title

Insert title here.

2 Abstract

If accepted, the abstract outlining your project will be published in the ECS proceedings. The abstract's length must not exceed 500 words.

3 Motivation

Explain why your project is important for the research community.

4 Research Questions

List all the research questions you want to address in your project.

5 Objective(s)

State clearly what objectives you want to achieve at the end of the project. Nb., getting a PhD in time does not count as an objective. :)

6 Research Methodology

If you already have some ideas about your research methodology, state them here. If you have not yet found an appropriate methodology, or are in doubt about which one to choose, this is also the place to say so. If so, list the requirements your methodology should fulfil.

7 Research Results to Date

You are not required to have results. But if you already have some, list them here.
